AUDIT OFFICE, OTTAWA, November 18, 1910.

SIR,—I have received your letter of the 2nd. instant enclosing statement showing the amounts paid Postmasters for their share of the rent of Letter Boxes and Drawers, for the year ended March 31, 1910.

I understand that Postmasters are entitled to 50% of the rents collected, and that the payments made each year are based on rents collected the previous year.

I would call your attention to the following cases in which the amount paid in 1909–10 was in excess of 50% of the amount collected in 1908–09.

Awaiting explanations.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, A. G.

POST OFFICE DEPT., OTTAWA, December 12, 1911.

SIR,—With reference to your communication of the 18th Nov., 1910, pointing out that certain offices were paid in 1909–10 in excess of 50 per cent of the box rent collections for the preceding fiscal year, I beg to say that box rent commissions are revised annually the same as postmasters' salaries, all increases dating from April 1, and the reductions from the 1st October.

There was a falling off in the collection of box rents at all the offices mentioned except North Bay, Knowlton and Souris East for the year ended March 31, 1909. Consequently the post-masters would receive more than 50 per cent owing to the fact that they would be paid for the first six months of the year on the basis of the collections for the year ended March 31, 1908, and the last six months on the collections for the year ended March 31, 1909.

As regards North Bay I beg to explain that the public building there was first occupied in September, 1908. The collections from that date to March 31, 1909, amounted to $937.25 and $198.75 for deposits on keys. The postmaster was allowed 50 per cent on the former amount for 1908–09 and the same sum for 1909–10. The commissions paid covered, therefore, a period of nearly two years, but only one year's collections are reported. At Souris East the conditions were similar.

In the case of Knowlton the postmaster did not collect any box rents prior to April 1, 1909, and consequently his box rent commission for 1909–10 would be based on his collections for that year. This, I may say, is the only way that postmasters' box rent commissions can be fixed for the first year when the occupancy of a public building begins on or about the opening of a fiscal year.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, November 15, 1910

Re DEFICIENCIES.

SIR,—Acccording to the last Post Office Inspection returns furnished this Office, a number of Post Offices show a deficiency of cash at the close of Inspection. The name of office, the date of inspection and the amount of deficiency in each case is as follows:—

Office.	Date of Inspection.	Amount of Deficiency.
Cheneville, Que	Sept. 16th, 1910	$155 88
Granville, Yukon	July 27th, 1910	45 68
London, Ont., Sub-office No. 2.	Oct. 4th, 1910	10 98
Montreal, Sub-office, St. Lawrence st. Centre	Sept. 28th, 1910	10 00
Williamstown, Ont	Sept. 17th, 1910	18 08

I shall be glad to know if these deficiencies have been brought to account and what steps have been taken to prevent their recurrence.

I am, sir, your obedient servant,

The Secretary, Post Office Dept. J. FRASER, *A.G.*

POST OFFICE DEPT., OTTAWA, December 11, 1911.

DEAR SIR,—I have to acknowledge the receipt of your letter of the 15th ult., calling attention to shortages shown in the inspection reports of a number of offices hereafter mentioned and enquiring whether these deficits have been brought to account, also what steps have been taken to prevent their recurrence.

In reply I have to say that all the shortages mentioned have been made good except that of Granville, Yukon, and it is probable that the amount of the deficit that the postmaster's accounts show, will have to be made good from the Guarantee Fund of this Department. About the time this shortage was discovered the postmaster was taken ill and had to be removed to the hospital and it is doubtful if he will ever be able to pay up the shortage. The Department is awaiting a report from the postmaster at Dawson before taking final action in the matter.

As regards Cheneville where a shortage of $155.88 was found, the Inspector's report shows that this deficit was due to carelessness on the part of the postmaster's assistant who was entrusted with the rendering of the accounts and the despatch of remittances to the Bank. This assistant was not capable of keeping the accounts properly and the postmaster was notified that he would have to give his personal attention to the post office accounts. The shortage was made good without delay and no irregularities have been discovered in the Cheneville accounts since September, 1910. I may add that the Inspector's visit at the time this irregularity was discovered, was due to a notice received from the Accountant that the remittances of the postmaster at Cheneville were not being properly made.

The shortage of $10 in the case of the postmaster at St. Lawrence St. Sub-Office, Montreal, was due to an error in the money order account and was made good through a money order error notice issued from the Department on the 16th September, 1910, when the mistake was discovered. The accounts of this office are well kept and have not shown any errors or discrepancies since the date mentioned.

New postmasters have been appointed at Sub-Office No. 2, London, and at Williamstown since the dates of the inspection reports which showed shortages at these offices. In both cases the shortages were made good before the postmasters were relieved of office.

As regards a recurrence of such shortages I may say that no steps can be taken that will absolutely prevent their being found occasionally. A postmaster is required to balance his cash account but an error or false entry on one side of the account may be balanced by a corresponding incorrect entry on the other side. It is only a personal visit by the Post Office Inspector that can bring to light small deficits in the accounts of postmasters.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, September 27, 1911.

Re REFUND TO "LA PRESSE."

SIR,—I have received a copy of an order in Council authorizing a refund of $29,753.50 to 'La Presse' for difference between postage at the rate of four cents a pound and one cent a pound, on copies of 'La Presse' sent to United States between the 27th April and 10th November, 1910.

The Order in Council states that a statement certified by the Postmaster at Montreal, giving the amount of postage paid by 'La Presse,' was submitted. I have to ask for a copy of this statement.

Is the adjustment of your accounts with the United States affected by the increased rate charged 'La Presse,' which has been refunded?

Have any similar refunds been made to any other paper? If so, to which and on what authority?

Iam, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, December 7th, 1911

SIR,—With reference to your letter of the 27th September last regarding a refund of $29,752.50 to La Presse on account of postage paid on copies of that paper sent to the United States between the 1st March, 1909, and the 28th April, 1910, I beg to enclose herewith in accordance with your request, a copy of a certified statement furnished by the assistant postmaster at Montreal.

I may explain that this is an amended statement which was obtained after the first Order-in-Council had been passed and according to this statement La Presse was entitled to an additional refund of $945. which was paid on the authority of an Order-in-Council dated 25th September last.

The adjustment of the accounts of this Department with the United States was not effected in any way by the increased rate charged La Presse during the period above mentioned as each country retains the postage collected on all classes of mail matter at its own offices.

A refund of $2,950.07 was allowed to La Patrie under similar circumstances. The Order-in-Council covering this fund was dated 1st August, 1911.

I am sir, your obedient servant,
R. M. Coulter,
Deputy Postmaster General.

The Auditor General.

J. FRASER, *A.G.*

The Under Secretary of State.

DEPT. OF THE SECRETARY OF STATE, OTTAWA, 29th November, 1910.

SIR,—In answer to your letter of the 1st instant, asking for a copy of the opinion of the Department of Justice respecting the appointments of officers in the Department of Printing and Stationery being made irrespective of the Civil Service Act, I now beg to enclose you, herewith, a copy of my letter to the Deputy Minister of Justice, dated the 14th June, 1910, submitting questions for the opinion of that department, and the letter of the Deputy Minister of Justice, dated the 14th June, 1910 in reply thereto.

I am, sir, your obedient servant,

THOMAS MULVEY.
Under-Secretary of State.

J. FRASER, Esq., *I.S.O., A.G.*

DEPT. OF THE SECRETARY OF STATE, OTTAWA, June 14th, 1910.

SIR,—The Public Printing and Stationery Act provides for the appointment of "the King's Printer, the Superintendent of Printing, the Superintendent of Stationery, an Accountant," "such officers, clerks and servants as are "necessary for the proper conduct of the business of the Department," and "such apprentices, journeymen, skilled hands or others as are necessary to perform the work of the establishment." Undoubtedly some of these appointees are not within the provisions of the Civil Service Act, either with respect to their appointment or subsequent service. Others of them may, or may not, be within this Act, and as the Printing Bureau is a manufacturing and commercial concern, different considerations should control when comparing the position of employees of the Bureau with that of those in other Departments. The Secretary of State has asked me, therefore, to submit to your opinion the following questions:—

1. To what extent may employees of the Printing Bureau be appointed irrespective of the Civil Service Act?

2. Are the Superintendent of Printing, the Superintendent of Stationery and the Accountant within the provisions of the Civil Service Act as regards their appointment?

I am, sir, your obedient servant,

THOMAS MULVEY.
Under-Secretary of State.

DEPARTMENT OF JUSTICE, OTTAWA, 14th June, 1910.

SIR,—By your letter of today's date you refer to the Public Printing and Stationery Act, and submit two question as follows:—

1. To what extent may employees of the Printing Bureau be appointed irrespective of the Civil Service Act?

2. Are the Superintendent of Printing, the Superintendent of Stationery and the Accountant within the provisions of the Civil Service Act as regards their appointments?

It is obvious having regard particularly to sections 17 and 27 of the said Act, that many of the employees are not subject to the provisions of the Civil Service Act. With reference to Printing, these employees are described as apprentices, journeymen, workmen, skilled hands or others as are necessary to perform the work of the establishment; and, as to Stationery, as such persons skilled in the stationery business, apprentices, workmen and others, as are necessary for the efficient working of the Stationery office.

It is of course difficult, and perhaps impossible, to give a comprehensive answer to your first question in any terms other than those of the statute, but I may say generally that I am of opinion that under these sections employees necessary for the working of either establishment, and whose qualifications consist in their special knowledge, skill or training with reference to the printing or stationery business, should be regarded as included in the special descriptions of these sections respectively. For example, a competent man charged with the duty of measuring and estimating the cost of printing would, I should suppose be a skilled hand or other person necessary to perform a part of the work of the printing establishment, within the meaning of section 17. Section 27 with regard to stationery, is, if possible, a broader section, since it includes generally persons skilled in the stationery business.

As to the second question, I am of opinion that persons having the respective qualifications mentioned in sections 10, 11 and 12 are eligible for appointment by the Governor-in-Council to the respective offices mentioned in the said sections irrespective of the provisions of the Civil Service Act. I regard these sections as specially defining the qualifications for appointment, and therefore taking the place of the general provisions of the Civil Service Act, which would otherwise apply for the purpose of ascertaining qualifications. Moreover, section 15 expressly exempts these officers from the ordinary Civil Service examinations. I see no reason to suppose that the statutes commit any jurisdiction to the Civil Service Commissioners to ascertain or certify whether a person possesses the qualifications defined by sections 10, 11 or 12, and there is, in my opinion, therefore, no room, for the application of section 21 of the Civil Service Amendment Act, which is the only section relating to appointment to the Civil Service which could possibly be invoked with regard to appointment of these special officers. Papers returned.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*
